## Voluntary Contributions and Charges for 2026

Financial support by parents plays a significant role in providing resources that extend the school's capacity to add value to the learning experiences of students.

We aim to keep parent contributions as low and equitable as possible, as outlined in the *Education Act 1999* and Department of Education policy.

The 2026 contributions and charges schedule estimates are set at the upper limit and will not exceed this amount. The Finance Committee and School Board have approved this schedule.

The voluntary contributions are \$60 per child. Maximum cost for families with three or more children is \$150.

| VOLUNTARY CONTRIBUTIONS                   |          |
|---|----------|
| Year Level                                | \$       |
| Kindergarten                              | \$60.00  |
| Pre - Primary                             | \$60.00  |
| Year 1-6                                  | \$60.00  |
| Maximum costs per Family of three or more | \$150.00 |

Please note, that whilst voluntary contributions are due at the beginning of Term 1 2025, payment can be made in advance if you prefer (details of payment options are outlined below).

We also offer our parents the option of paying in advance for excursions/ incursions in 2025. Instead of paying separate amounts throughout the year, you may wish to pay a lump sum at the start of Term 1 which will be credited to your child's account and charges will then be automatically deducted as they occur. Please contact the school office if you require further information.

### How to Pay
